

Portable Digital Poster Screen

Crafting intelligent and innovative devices.

2K/4K(Optional)

178° Viewing Angle

Remote control

Easy to install

HD Display Effect

Pixel to pixel calibration for each unit, guaranteeing brightness and chroma uniformity; Nanosecond-level display technology is applied to ensure good dynamic image display effect.

High Integration

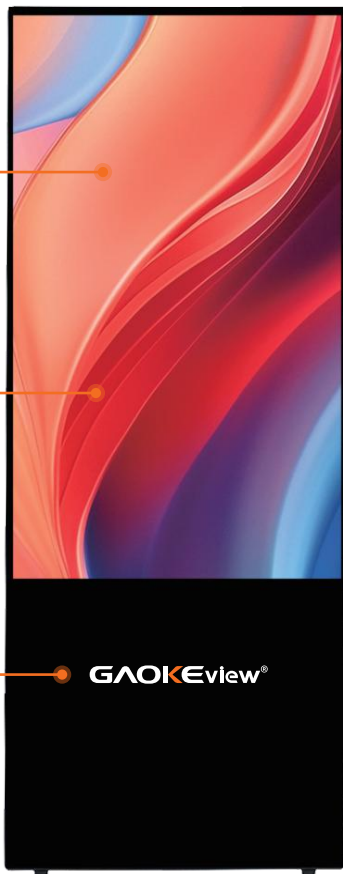

High resolution
High brightness

High quality tempered
glass protection

Logo Customize

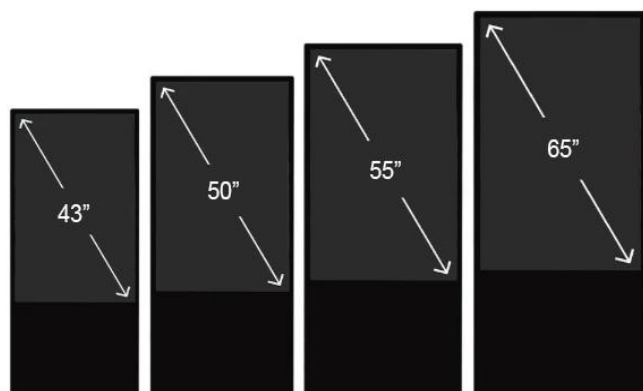

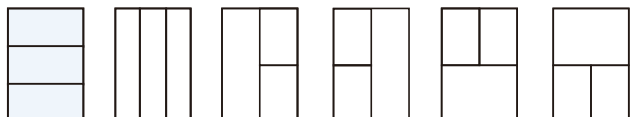

GAOKEview®

Foldable design

Split screen design

Android version support multiple split screens mode. Pictures and video can be simultaneously played. Support video, pictures, scroll subtitles.

Multiple size options

43\", 50\", 55\", 65\" sizes available for selection.
Designed to meet diverse scenario needs.

Remote control

Support using devices including mobile, tablets and PC to carry out display set-up swiftly; Intelligent remote control and large-scale cluster deployment will ease operation process.

Various Applications

Suitable for various scenarios, such as hospitals, shopping malls, and train stations.

Shopping mall

Station

Hospital

Hotel
